Old Farts Day is every Thursday morning.

Bud would like some help setting up the float. He needs planes and help.

The May issue of *Fly R/C* has an article about the Lake Shuswap Float Fly-in.

T-28 Pylon Racing:

- Batteries: 11.1 volt 1800-2200 milliamp-hours, 25-amps maximum continuous discharge, 50-amps maximum surge discharge.
- On April 23rd at 1pm, there will be a T-28 clinic, practice flying and talking about rules.
- Contest Directors (CDs): Each month a pilot will be selected as CD. The CD will rotate each month.
- Landing gear is optional.

- We have about 10 to 12 planes already for the races.
- Brian recommended replacing the nose-wheel gear screw with a cap screw to make it easier to tighten.
- An E-Flite motor is not legal; racers must use the original motor made by Park Zone. John stocks them at his hobby shop.
- May 14th and June 11: Race days!

The Decathlon has started!

Al Franklin has balsa if you need some. He purchased some from a hobby shop going out of business.
