Show and Tell:

Loren showed off an antique radio. It's a Kraft Commander by Ace, along with receiver. Two manuals dated 1954. Neil will keep it for when we have a club house and we can display it.

Rob showed off his repaired T-28. The wing had been severed off. In 30 minutes the plane, with the same wing, was flying again. It's a great plane for the pylon contest as it takes a beating and keeps on flying. (Al suggested buying some bamboo skewers for repairs).

Rob won the Show and Tell. He won a screwdriver.

Raffle: Vern, but he was not here.

Quarter Drawing: No winner

The Meeting was adjourned at 7:45 pm.
