

Kitsap Aircraft Radio Control Society

Meeting Minutes

November 8th, 2011

Visitors: Bill Swope

New Members: Steve Poe

Treasurers report: Read and accepted

Last meetings Minutes: Read and accepted

Guest speaker: None

Committee reports:

School Flying Program: Brian purchased two RTF Airplanes and two flight simulators to donate to the school flying program. In addition, Chuck McGuire of Blue Sky Hobbies made a significant donation to help the program get off to a start. We are also looking for donations of Engines with mufflers, servo's, wheels, and other items that are suitable for the .15 size planes the students are building from plans. Please contact Brian Campbell for more information at brianc8911@comcast.net.

Old Business:

Trees: The Parks Department has not yet responded to us about any tree work we can do. Vern May said that there was a Parks person at the field to look at the situation we have.

New Business:

Al said we can have our banquet at La Quinta for about \$25.00 per person. If we have it at the space available at Blue Sky Hobbies, we need a caterer. So far, the catering services he has conferred with are too costly, but he will keep trying.

The Open Shop at Jim and Denise's went well. He has a nice shop with lots of inventory. The next Open Shops are at Greg Tinius' on November 15th and at Al's shop on December 20th.

Bob Jacobson who used to run Galaxy Hobbies will be our guest speaker for the December meeting.

Officer Nominations for next year are:

- President: Paul Fleming, Rob Showman and Vern May
- Vice President: Chuck McGuire
- Treasurer: Need nominees

We will also need nominees for banquet awards such as best crash, most crashes and ARC of the year.

Show and tell:

Verlyn showed pictures taken of Yellowstone. Harvey showed his new plane, a Venture 60 built from a kit.

Harvey won the show and tell.

Quarter drawing:

Monty Foust's name was drawn but he was not present to collect the \$25.00 worth of quarters.

Meeting adjourned at 8:00 PM.

Minutes approved on December 13, 2011.
