

Kitsap Aircraft Radio Control Society

Meeting Minutes

August 13, 2013

The meeting was called to order at 7:02 p.m. at Little Field.

New Members: Floyd Dunaway

Visitors: Chris Gardner

Treasurer report: Read and accepted.

Last month's minutes: Read and accepted.

Safety:

- Terry emphasized the need for using good safety practices during events such as Combat. Perhaps additional rules such as requiring landing gear or moving cars further from the field should be examined. Also, pilots should perform test flights after making adjustments or repairs; event coordinators will allow time.

Field Maintenance:

- Holes in the runway have been patched.
- Doug ran the brush hog on July 31st while other members did brush cleanup.
- Jeff reported that the county may make a big chipper available in September and haul off the mulch.
- The county is also arranging for firewood pickup.

Instruction:

- No new pilots; three or four are in the pipeline.

Publicity:

- The large vinyl banners are still expected in August.

Old Business:

- The bids for cutting the south end trees and another patch of trees to the north are on Dori's desk. Arno has confirmed that the trees have essential no value. Paul Grant is ready to cut as soon as the go ahead is received.
- The school program will resume in mid-September.
- Events:
 - An aircraft struck a parked car during Combat.
 - The mini-3D event was a blast. The pilots flew until 11:00 pm. No crashes or close calls.
 - Pylon racing is scheduled for next Saturday.
 - The Fun Fly was a success; we had fifteen pilots. Sean 1st, Terry 2nd, Doug 3rd and Greg 4th. Lots of pizza and pop.
- The truck track is 60% cleared. Sean is working on it with pick and shovel.
- Al's R/C Sale is Friday and Saturday.

New Business:

- The club will have a booth at the Bremerton Airport on August 31st for the Blackberry Festival.
- No Open Shop is scheduled for August.

Member Concerns:

- The Fun Fly was great fun. We need to have more of them!

Awards:

- Harvey won Show and Tell with his 1/3 scale Space Walker. Covered with Stich Lite with simulated rib stitching, it has already received its first coat of Poly-V and is ready for sanding. Harvey plans to apply another coat of silver and then paint. The plane will be cream with accent trimming and should come in at 20 to 24 pounds.
- Terry Hubbard was present to win the Quarter Drawing.

The meeting was adjourned at 7:37 pm, a new record!
